**Let us deposit your
money directly into
your checking or
savings account.**

Social Service Payment System • SSPS

How does Direct Deposit work?

Direct deposit is dependable.

- You claim services on your invoice as usual.
- DSHS deposits your money directly into your checking or savings account rather than mailing it to you.
- Your money will be deposited about 5 days from the time your services are put into the SSPS system for payment.

Can anyone use Direct Deposit?

Yes, most people qualify for direct deposit. However, you may not be able to use direct deposit if:

- Your warrant comes in someone else's name, like a protective payee or the person you serve;
- Your money has a lien or garnishment against it;
- You change your bank or account number frequently; or
- You do not maintain the bank's minimum amount.
